

Because Of Your Support In 2023...

We helped to pass the Equality in Abortion Coverage Act (EACA).

We helped codify the Affordable Care Act's protections banning co-copays for birth control and ensuring coverage for pre-existing conditions.

We supported the efforts to secure \$7M in the state's budget for preventing Pre-K classroom closures.

We passed a bill allowing pharmacists to prescribe birth control.

We Trained 431 Individuals

Through our facilitation of #IamRemarkable, Advocacy 101, our Women Ready to Run For Office event, and salary negotiation training, we helped individuals in our community learn self-advocacy, how to advocate for others at the state level, and pursue leadership positions in business and government.

IN THE PRESS

Childcare Director's Chair on Youtube:
"The Gender Pay Gap: Why It Matters and What We Can Do About It"

PBN: *"RI Employers Soon Must Provide Salary Range For Open Positions Upon Request"*

PBN: *"Caregiving Demands Still Impacting RI Women's Opportunities in Workforce"*

We Graduated 12 Women's Policy Institute Fellows...

And Welcomed 18 More

We got an Award!

WFRI received the Rhode Island Paid Leave Coalition Advocacy Achievement Award on June 1st, 2023!

And it's only halfway through the year!

We have accomplished so much in 2023 thanks to **YOU**, our volunteers, donors, staff, sponsors, and partners. That also includes moving to a new office at 222 Chestnut Street in Providence.

We are grateful for all of your support and we hope that you continue to support us and our mission of creating a more equitable Rhode Island for women and girls.
