WOMEN'S POLICY INSTITUTE

The Women's Policy Institute is a nine (9) month program designed to train women public policy skills, increase their participation in policy formation and implementation and prepares them to lead ongoing advocacy and policy work. Each cohort chooses a policy initiative that they will champion throughout the program. Recent examples include support of the Doula Insurance reimbursement bill repealing the "Tampon Tax" and passage of the Fair Pay Act.

WOMEN'S fund

R H O D E I S L A N D

Mission

The Women's Fund of Rhode Island invests in women and girls through research, advocacy, grant-making and strategic partnerships designed to achieve gender equity through systemic change.

Vision

We envision a community, nation and world that is free of gender bias and where social justice exists for all. The social change will be evidenced by community engagement, the removal of barriers to resources and the existence of equitable social and institutional systems.

WHAT WE DO

GRANT MAKING

WFRI uses participatory grantmaking through a "gender lens" to achieve gender equity and social justice, focus on systemic solutions, and address the unique needs of women and girls. WFRI has awarded more than \$900,000 to organizations in Rhode Island that impact women and girls.

ADVOCACY

We believe in engaging. Getting our community involved in the continuing fight for gender equity is the cornerstone of our organization and the work of which we are most proud. We are both a direct advocacy organization and we teach others to lead in advocacy through our Women's Policy Institute, Advocacy 101, and salary negotiation skills workshops.

RESEARCH

Each year, WFRI releases a new report related to the status of women and girls. We also host the RI Women's Well-Being Index, an online tool that measures how women fare in Rhode Island using the following dimensions: Health, Personal Safety, Employment & Earnings, Economic Security, and Political Empowerment.

GET INVOLVED

Volunteer!

WFRI is always looking for volunteers to help us plan events, speak at our programs, serve on various committees, write blog posts and create videos, and more. We're also looking for mentors for our Women's Policy Institute fellows and alumni. Please reach out to us at info@wfri.org to share your interest and skill sets.

Join or Support our Women's Policy Institute

Each year from September through May, our Women's Policy Institute trains women across the state to advocate for policies and lead efforts that will help make Rhode Island an equitable place to live.

Donate Now

Donating is the fastest way to help us keep making change in Rhode Island.

WHY WE CARE

Gender equity is everybody's issue. Research shows that gender equity makes men, women, and their children happier, healthier, and more productive. Our goal is to close the gender wage, wealth, health, safety, and power gaps that exist in our society.
