Report

A LETTER FROM OUR CEO

Dear Friends,

In 2025, the Women's Fund of Rhode Island continued to expand our reach, deepen our partnerships, and strengthen our impact across the state.

We engaged more than **4,200 people** through programs, presentations, and community events that built leadership, strengthened civic participation, and advanced economic opportunity for women and girls. Our research, including updates to the **Women's Well-Being Index** and the **Rhode Island Girls Report**, helped inform policy conversations and equip advocates, educators, and lawmakers with the data needed to drive change.

We also distributed nearly **\$100,000** in grants to organizations advancing housing stability, reproductive health, disability justice, youth leadership, and economic security. Through our advocacy, we supported **48 bills**, contributing to important progress on paid family leave, maternal health, and reproductive access.

As we prepare to celebrate our **25th anniversary in 2026**, we remain focused on the work ahead—and grateful for the community that makes this progress possible.

With gratitude,

Kelly Nevins

CEO, Women's Fund of Rhode Island

OUR RESEARCH

This year, WFRI, alongside several other local nonprofits, published the first **RI Girls Report**, the first comprehensive data source focused on the **well-being of girls in Rhode Island**.

In December, the **RI Girls Coalition** (WFRI, Girl Scouts of Southeastern New England, Girls on the Run Rhode Island, Rhode Island for Community & Justice, and The Womxn Project Education Fund) was awarded the Rhode Island Foundation's **Catalyst Grant**, which will use the findings of this report to advance **well-being for girls and gender-expansive youth**.

Other research included updates to the **Women's Well-Being Index** and new **policy briefs** on women's health, economic security, and civic engagement.

LOOKING AHEAD

2026 marks **Women's Fund of Rhode Island's 25th anniversary**—a quarter century of advocating for, researching, and funding gender equity throughout the state. As we celebrate our accomplishments, we recognize that **our work is far from over**.

With the current administration attacking **diversity, equity, and inclusion efforts** and restricting accessible voting, our mission is more important now than ever. By creating opportunities for women, girls, and underrepresented populations, we aim to **educate** and **empower** more people to create meaningful change.

Get involved with WFRI in 2026 by **volunteering, donating, attending our events, following us on social media, and subscribing to our newsletter!**

Thank you for your support. We are excited to continue making change together.

In Solidarity,
The WFRI Staff and Board
